

Liste des Supports de Fonds
Fonds Externes éligibles pour les contrats en devises EURO, CHF, GBP et USD (Liste en vigueur au 31/03/2022)

Réseau - Partenaires Bancaires

Produits couverts:

Linfinity Europe (BE)
 Lifinity Europe (FR)
 Lifinity Europe Capi (FR)
 Lifinity Europe (LU)
 Lifinity Europe Capi (LU)
 Lifinity Europe (MC)
 Lifinity Europe Capi (MC)

Préambule:

L'année N-1 correspond à l'année 2021.

Le Document d'Information Clé pour l'Investisseur (DICI) de chaque fonds externe est disponible sur notre site internet à l'adresse suivante : <https://www.axa-wealtheurope.lu/fr/products-list>. Il peut également être fourni par l'assureur sur simple demande. Les fiches détaillant les caractéristiques principales des autres supports en unités de compte proposés sont tenues à votre disposition et peuvent vous être fournies sur simple demande.

Pour plus d'information sur la manière dont AXA Wealth Europe intègre la gestion des risques et des opportunités liés au développement durable dans le cadre des investissements financiers , et leurs impacts subséquents sur la performance du produit, veuillez-vous référer aux prospectus disponibles ici : <https://www.axa-wealtheurope.lu/fr/products-list>

La performance brute de l'actif (A) est calculée via la formule: A = B+C. Si le fonds a été lancé au cours de l'année N-1, faute d'historique suffisant, la performance annuelle peut ne pas être affichée.

Les frais supportés par les fonds externes (B) sont communiqués par leur société de gestion. Les frais mentionnés sont les frais courants du dernier exercice disponible, figurant au dernier Document d'Information Clé pour l'Investisseur (DICI) publié par la société de gestion du portefeuille, lors de la conception du présent document. Pour les supports ayant moins d'un an d'existence, la société de gestion fait figurer une estimation.

La performance nette de l'unité de compte (C) correspond à la variation de la valeur liquidative entre le début de l'année N-1 et la fin de l'année N-1.

Les frais de gestion du contrat (D) sont au maximum de 1,50%

La performance finale (E) est calculée via la formule: E = (1+C)**(1-D)-1

Les rétrocessions distribuées par la société de gestion à l'assureur sont incluses dans les frais de gestion de l'actif (B) supportés. Les rétrocessions mentionnées sont celles distribuées à l'assureur lors du dernier exercice disponible.

Cette liste des supports de fonds peut être amenée à évoluer au cours du temps - AXA Wealth Europe se tient à votre disposition en cas de demande complémentaire.

AXA Wealth Europe se réserve le droit d'exiger un minimum de souscription de 50 000€ ou équivalent dans la devise du fonds, pour certains fonds référencés dans la liste.
